Judge Bethurum

Speaks To Large Crowd At Monticello. Predicted He Will Carry Wayne County By Large Majority.

On Monday June 27th, Judge R. J. Bethurum, L. E. Mece, Judge W. C. Catron spoke to one of the largest crowds ever assembled in the Monticello court house.

Kennedy's mud-slinging and the high esteem which the people of Wayne county have for Judge Bethurum are said to be responsible for the enormous crowd. The citizens of Wayne county resent Kennedy's unfair and unjust abuse of their Circuit Judge as well as Judge Kennedy and they know that he is the best Circuit Judge in the state of Kentucky. He is a refined Christian gentleman, just and impartial, and they will not stand for the character of campaign Kennedy is putting up.

Kennedy spoke in the forenoon and opened all his vials of wrath and abuse. He made all kinds of false charges, many of his audience arising in his first and leaving the court house while he was speaking. It was estimated by the citizens who flocked to hear Judge Bethurum after Kennedy's speech that that speech had cost Kennedy at least five hundred votes.

Judge Bethurum answered all the charges and proved them up to be false and unbecoming to a man who aspires to the high office of Circuit Judge. He held the vast audience of more than three hundred voters spellbound; nor did they leave at the close of Bethurum's speech, but stayed until after Mece and Catron had spoken. The crowd that heard Bethurum was much larger than the one which was up to hear Kennedy in the forenoon and which proved that the people of Wayne county are behind Bethurum and looking him in great numbers than ever before. There is now but little doubt that Bethurum will carry Wayne county by a nice majority.

The people of Wayne county say that Kennedy forfeited all claim on their support when he bolted the Republican ticket in 1917; they say that a man who could flip over into the Democratic ranks in 1917 when the Democratic party had violated its sacred pledge to keep us out of war, and had plunged our boys into the world conflict, unprepared, without sufficient battle-ships, food or ammunition to protect them, when heart strings were being broken and boys torn from their homes by the selective draft, all through the mismanagement of the Democratic party, the man who could do that then has no claim upon the voters of the great Republican party.

A large delegation came up from Clinton county to hear Judge Bethurum. There is no longer any doubt that Judge Bethurum will carry Clinton county by at least 500 votes. All of the leaders in that county, who made the fight for Kennedy before us now for Bethurum. His old friends are standing unanimously behind him. His friends claim that he will carry every precinct in Clinton county.

Supp. Mece, who is managing Judge Bethurum's campaign said that he considered Judge Bethurum's speaking at Monticello one of the greatest successes of the campaign. It proved beyond a doubt that Judge Bethurum is pursuing the right course in making a clean and dignified campaign, and that Kennedy's mudslinging is disgusting to the voters and is harmful only to Kennedy himself.

KENNEDY'S MUDSLINGING

In the beginning of his campaign for Circuit Judge H. C. Kennedy pledged to the voters of the Twenty-eighth Judicial District that he would not engage in the character of mudslinging campaign as moved and disgraced the race for Circuit Judge six years ago. Those who knew Kennedy best knew that he would not keep this pledge. He is now engaging in one of the most disgraceful mudslinging campaigns of which his poison brain is capable of conceiving. It is to be regretted that Judge Bethurum, being the refined gentleman that he is, is forced to have as an opponent for the high office of Circuit Judge a man who does not hesitate to stoop to the lowest and foulest of means to try to deceive the people into voting for him. All of his charges are unjust and untrue. He has grossly misrepresented the truth, garbled figures in his fruitless efforts to deceive the people. He tries to

blame the Circuit Judge for every case acquitted by a jury, when every intelligent man or woman knows that the judge only sits in cases and gives a fair and impartial trial, the jury finds the verdict and that verdict is final. The judge cannot dictate the kind of verdict to render in any criminal case which is tried before him. If he did he would not be the fair and impartial judge which the law requires. That he be Kennedy's efforts to deceive the people into believing that Judge Bethurum is responsible for the verdict in such cases as were mentioned in his campaign paper last week is a reflection upon the intelligence of the voters of the 28th Judicial District. His attack, while it is aimed at Judge Bethurum, is really upon the citizenship of the district.

He has even stooped so low as to have forged letters circulated purporting to have been signed by our Circuit Judge. The citizens are asking the question, what on earth will he resort to next? Judge Bethurum is making a clean and manly campaign. One that is in keeping with the dignity of the high office of Circuit Judge, and the people are endorsing his campaign. They are not deceived by Kennedy's vile misrepresentations. They know their Circuit Judge, and they know that these charges are false. They will vindicate Judge Bethurum at the polls on election day, the 6th of August. The enormous crowd which gathered to hear Judge Bethurum at Monticello and the enormous crowds he is having everywhere, is proof that the people are backing him in far greater numbers than ever before. His election is generally conceded by all who are in touch with the situation.

cause of Democratic inefficiency, when the selective draft was tearing our sons from their mothers' arms, and rushing them into battle, without proper food, clothing, arms or ammunition, all because the Democratic party had failed to prepare lest they injure their chances to elect a Democratic President; in that same year, 1917, Kennedy turned his back upon the grand old Republican party and joined the ranks of the Democrats.

There is no doubt about the people's choice. Judge Bethurum will carry Rockcastle, Pulaski and Clinton with big majorities beyond the shadow of doubt, and Kennedy will have the fight of his life if he breaks even with Bethurum in Wayne. Kennedy has lost heavily in Wayne and the citizens resent the kind of campaign he is waging. They are taking up the cry "Rebuke the wrong of 1917."

L. E. MECE,
Campaign Manager for Judge Bethurum — Commonwealth.

Heres What Chief Justice Hobson Says

Speaking of Judge Bethurum and his record as Circuit Judge, The Commonwealth would rather believe what Chief Justice Hobson, of the Court of Appeals, says than to believe some others. Hon. J. A. Brown, of Wayne county, said in a speech in Somerset May 23d:—

"I had a conversation with Judge Hobson, Chief Justice of the Kentucky Court of Appeals, several years ago, in regard to the record of Judge Bethurum. This conversation took place just immediately before Judge Bethurum entered the race for re-election six years ago. Judge Hobson had reviewed much of the work of our judge which was taken from his courts to the court of appeals from time to time, and was familiar with the ability that was displayed by Judge Bethurum in the judgments appealed from, and I wanted to know the opinion of Judge Hobson upon this question. Hobson was a Democrat, and I knew that my opinion that he then expressed would be disinterested and absolutely unbiased, or at least, would not be flavored in favor of Judge Bethurum. I propounded this question to Judge Hobson: 'Judge Hobson, would you advise us to elect some other man as Circuit Judge in the place of Judge Bethurum?' His answer was immediate, and he said: 'I don't know anything about Bethurum's opponent, or his qualifications. I am a Democrat, and am not interested in the race, and do not want to hurt anyone's feelings, but I don't care who knows what I have to say in answer to your question. JUDGE BETHURUM IS ONE OF THE VERY BEST CIRCUIT JUDGES IN THE STATE OF KENTUCKY, AND THE BEST JUDGE IN THE MOUNTAINS. Somerset Commonwealth.

VOTE FOR T. J. BALL FOR Circuit Court Clerk

REPUBLICAN PRIMARY, AUGUST 6, 1921

I HAVE been a republican all my life, voting the Republican ticket and giving both my time and money for the advancement of the Republican party. I am a native of Rockcastle County. My parents died when I was quite young, and I just "grew up" at Brush Creek. I never went to school until after I was fourteen years of age. Then realizing the need of an education I took the Lincoln way going to the free schools and studying my books often until after midnight. Later I partly finished my education at Berea College, working my way through. My efforts to get an education were the efforts of the Homeless Boy who did not have a dollar, using the old slogan, "where there is a will there is a way." I met with some success.

I have been one of Rockcastle's school teachers for twenty years. I solicit your support on my qualifications, I passed the examinations required by law for Circuit Court Clerk. I have had a college course in book keeping. If you had a business of your own that required a book keeper you would advertise to get one and from the applicants for the job you would select the man best qualified to look after your interests. There is no reason why you should not do the same in voting for a man to be your Circuit Court Clerk. Won't you recognize my qualifications and cast your vote for me?

Neither of my opponents had to strive for an education like I did. While (Little) Bill was getting an education his Papa was Superintendent of Schools for Rockcastle County, for two terms, and there has been a Davis in office almost all the time since then. There is one now. Won't you let Billie wait a little longer?

While Jesse DeBord was being raised and getting what he calls an education his father was drawing public money from your county seat for being a policeman, and he is still Mt. Vernon's Policeman.

I have given you the facts - draw your own conclusions. My case is in your hands.

Will thank you for your support in this Campaign. Yours for a better Rockcastle.

Respectfully,

T. J. BALL.

MR. BELL

Mr. E. E. Belle, of Monticello, has filed his papers with the Secretary of State as a candidate for the Democratic nomination for Circuit Judge of this district. Mr. Bell will not expect to win the office at the November election, as this is a Republican district, and as such will want a Republican to serve in that capacity. Judge Bethurum being the only true and tried Republican offering for the place, will be nominated and elected by a record breaking majority. No one will question this and no one can question it. The reports come from every section of the district that Judge Bethurum is the favorite, and many of the friends of the other side now concede that Judge Bethurum will have no trouble to defeat his opponent. Mr. Bell as a Democratic candidate for county attorney of Wayne, a number of years ago, received valuable assistance from Judge Bethurum's opponent, and may be expecting the same thing in his race for Judge, against Judge Bethurum. It seems strange that Wayne county is again furnishing the Democratic candidate for Circuit Judge.

The labored efforts of the opposition to Judge Bethurum to prove that he has not made good as Circuit Judge have served only to strengthen the Judge in the estimation of the people. His record is known by the people, and no set of politicians, who are seeking to defeat him because they can't use him, can break him down in the estimation of the great masses of the people. They know that Judge Bethurum can't be swayed, and they know that he will do justice, as they know it, no matter how poor and humble the party seeking it may be — Commonwealth.

MRS. JOHN RENNER

I want to remind you I am still in the race. Sheriff but the weather is and has been so hot I could not get around to see the people as I would like to do. It seems like Mr. Clark and Mr. Langford are not considering me in this race. Dave says it is his time and I ob says it is the peoples time and they have promised it to him. So now ladies stop the dispute between the men and let them know it is our time.

I appeal to you for your support, and if elected you will always find me in the office ready to attend to any business pertaining to that office, and the ladies need not hesitate to come to the Court House for if elected I will make it a clean pleasant place for you to stop. I will appoint two good, sober, honest men for my deputies who will discharge their duty faithfully and fearlessly, and I will also have a deputy in town to help me out with any duties that may come up in or around town. So now ladies and gentlemen your vote will be appreciated and I believe if you will consider what I have done in the past in helping save the lives of men, women and children of this county you will help me and let me help protect you and your children from death, hell and the grave.

Physiological Action Of Tanlac Explained

Worlds Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Each of Ten Ingredients on the Human System Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the question: What is Tanlac? Why its phenomenal success? Why do we hear so much about it? and Why has this preparation so far out striped all other medicines of its kind?

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of work, study, experimentation and research by some of the foremost chemist and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food laws. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country.

Ten Ingredients in Tanlac. Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has been the source of the most valuable tonic medicines that have ever been discovered."

In referring to other of the general tonic drugs contained in Tanlac, the 13th Edition of Poter's Therapeutics, a standard medical text book, states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run down condition," uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of all the tissues and organs of the body and produce that state of general tonic which is called health.

The United States Dispensary makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required."

There are certain other ingredients described in the Dispensary, and in other standard medical text books as having a beneficial action upon the organs of secretion whose proper functioning results in a purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tonic and Body Builder. Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must, therefore have a far reaching and most beneficial effect upon the entire system.

Your attention is called to the Auction sale and in this issue of the stock of W. H. Fish who is going out of business in Mt. Vernon and located in another town. Affidavit Of B. A. Riddle

State Of Kentucky }
County Of Rockcastle. } ss.

The affiant, B. A. Riddle, states on oath, that it has been current ly reported that in case D. G. Clark is elected Sheriff, that he, B. A. Riddle would be one of his deputies. I desire to state that this is a false rumor, and that the one starting same is branded as a falsifier, and it is only intended to deceive the voters. Mr. Clark has held out to the public, both orally and in writing, that should he be elected Sheriff of this county at the coming election, John Mink, one of my neighbor boys and one in whom I put all confidence, would be his deputy in our end of the county, and I heartily approve of Mr. Clark's selection of Mr. Mink, as I have always found him to be a gentleman in every respect, and this is why I am supporting Mr. Clark for sheriff. Dave Clark has never intimated to me that he would like to give me an appointment as deputy sheriff, and I never solicited same from him. I feel, as the majority of the people feel in this county, that IT IS DAVE'S TIME, and I am supporting him for the two reasons as stated above. I have no hard feelings against any other candidate for office.

B. A. Riddle,

Subscribed and sworn to before me by B. A. Riddle this July 5th, 1921

The above affidavit was secured on account of a persistent rumor that Mr. Riddle would be one of my deputies should I be elected Sheriff. Mr. Riddle is supporting me without any promise, or for any other reason so far as I know than that set forth in the affidavit.

I desire to state further to the people, as I have said in my former announcement, that should I be elected Sheriff of this County I will make you a sober officer and will transact the business of the office to the best of my ability.

Don't let the weather or any thing else keep you away from Fish's Auction Sale next Friday July 15.

Next Thursday is draw day with all candidates who have any opposition. This will be held to determine the position of each name on the Primary ballot.

The advertisement of the Citizens Bank found in this paper contains thought for consideration, that is the way we make a better county by keeping our money at home.

Richard Proctor was seriously injured and Richard Wallen badly hurt while working with a threshing machine on G. C. Fish's place today. Details of the accident not learned.

Just before going to press we learn that two women by the name of Hiltion were struck by No. 23 near Livingston, one of them being so badly injured that she died today. The other one is reported to be seriously injured.

This week's issue of the Signal is late, because of our presses being tied up with catalog work for Mt. Vernon Fair. We regret this but hope under the circumstances our subscribers will grant us pardon.

The ice men are having to get their ice from Danville instead of Stanford because of a breakdown of the plant at Stanford. They are doing their best under these conditions to supply the needs of their customers.

At the auction sale at Fish's next Friday July 15, you will have an opportunity to buy star brand apples, Swan Halls, Hart Schaffner & Marx Clothes and everything at your own price. You cannot afford to miss it.

JUNIOR AGRICULTURAL CLUB CAMP

Rockcastle & Madison Counties

Berea, Ky., July 18 to 22.

This will be the first camp of its kind ever held in this section. Last year we had two such camps in Kentucky. One in the Western and one in the Eastern part. These camps created so much interest that it brought about the establishment of 22 such camps for 1921.

Rockcastle and Madison Counties are to have one of these camps located at Berea, Ky. The fair ground has been chosen as the camp ground. It's an ideal place for the camp. Six tents have been ordered for the accommodation of our Club Members and Leaders. The camp is open only for club members and leaders. Visitors are admitted at 7:30 P. M. and may remain until 9:00 P. M. each day. Wednesday will be open for visitors all day.

10 WHOM IT MAY CONCERN

I have known B. J. Bellum for 35 years and want to say I never knew a more honorable upright man than he. And more he is strictly sober. I never saw him touch a drop of whiskey or any intoxicating drink in my life. I have always found him ready and willing to enforce the law in a straight and honest way never showing any partiality.

People we have tried B. J. Bellum and I know he is the man for the place. Let's keep him where he is. I don't NEVER change a man who has been tried and proved himself the man for the place for one who might prove to be just the opposite. B. J. Bellum was born and raised in old Rockcastle county among the common people and he has never forgot his old friends back home and will wade through the mud and knee deep any day to shake hands with one of them.

People he's our friend he'll stand by us, let's stand by him.

Here's why CAMELS are
the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste,

It's Camels for you.

COL. ARMSTRONG'S COMMENT ON CEN- SUS REPORT OF KENTUCKY HORSES

The War Department is Inter-
ested in the Increase of
Pure-Bred Horses

"There is the most need in this country today of increasing the number of purebred horses, particularly those of the thoroughbred type, on which the War Department must depend for its cavalry mounts in case of national emergency."

The above is a passage from the statement by Col. Frank S. Armstrong, chief of the U. S. Army Recount Service, relative to the 1920 census of Kentucky horses.

The uselessness of practical, patriotic men like Colonel Armstrong over the situation was amply justified by the lesson of the last great war, which so strikingly demonstrated the value of the horse in connection with modern warfare and revealed what would have become a pitiful shortage, had the Germans held out only a very few weeks longer than they did.

Nor must we forget the importance of breeding better horses more extensively in times of peace. Better bred horses mean better work horses; better prices for them, and a readier market.

The 1920 census figures indicate that Kentucky, as usual, will lead her sister states as to both number and class of horses, but even so we are far from approaching what should be our quota in a war time.

Colonel Armstrong's statement in full is as follows:

"Despite the very small amount of purebred stock, as compared with the total number of horses in the state, I believe that, when similar figures for the other states become available, a comparison of all will show that Kentucky still holds its rank as the foremost state in producing thoroughbreds. The relatively small percentage of purebred stock included in the total number of horses in Kentucky, is a general, and not a local, situation, and the other states probably will show even smaller percentages. The same conditions, I am told, prevail with five-stock other than horses, though probably not to the same extent as with the latter. The census report upholds and justifies the position taken by the American Remount Association, that there is the most need in this country today of increasing the number of purebred horses, particularly those of the thoroughbred type, on which the War Department must depend for its cavalry mounts in case of national emergency, and which it met with great difficulty in procuring in sufficient numbers during the recent war. The national need of upbuilding and increasing American thoroughbred horses was not, in my opinion, over-emphasized."

CHARLES A. CHANDLER
We note from the Mt. Vernon Signal that Charles A. Chandler of London, has announced as a candidate for Representative from the district comprising of Laurel and Rockcastle counties. Mr. Chandler is a man of unusual intelligence, versed in public affairs and if the Republicans of that district want a man who will do splendid work for the State and bring honor to his district, they have such a man in Charles Chandler. It is encouraging to see such men offer for the office of Representative.

ONE DOLLAR SAVED REPRESENTS TEN DOLLARS EARNED
The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case it cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars on a later year. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala. — In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine. At all druggists.
